DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Di Domènico et al. (US 4,988,701).

The reference discloses a thiazo-2, 4-diyl compound of formula II on col. 2, which reads on the claimed compound. Also, see Example 6 on col. 10, the reference compound of 2-(4-methoxy-phoxymethyl) thiazolidine anticipates the claimed compound under (iv).

Claim Objections

3. Claims 1 and 16-17 are objected to because of the following informalities:

The item (iv) under the claims, the word “or” in the notation “T” should be deleted. Appropriate correction is required.

Response to Arguments

4. Applicant’s arguments filed 7/25/05, with respect to the rejections of claims 1-3 and 13 under JP 2000-17264 have been fully considered and are persuasive. Therefore, the rejection has

been withdrawn. However, upon further consideration, a new ground of rejection is made in view of Di Domenico et al. (US 4,988,701).

Allowable Subject Matter

5. Claims 2-7 and 13-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Also, Claims 16 and 17 would be allowable if rewritten to overcome the objection set forth in this Office action.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
